

## HUMANKIND IS UGLY | Extract

1.- I can't wait any longer. You're trying to stall me. You don't fool me. Now I'll surely kill myself.

*1 goes to pull the trigger. 4 enters.*

4.- I'm dying.

2.- Another one!

1.- What the hell does this guy want?

2.- What's going on today?

1.- Everyone wants to die?

4.- Excuse me for interrupting...

1.- Did nobody ever teach you to knock first?

4.- I must have mixed up the rooms. I am looking for the intensive care room. The UCI. Not the suicidal one.

2.- That's right here.

1.- What would you like?

4.- Are you the doctor?

1.- We don't have too much time. Answer me.

4.- I have pain right here. It's appendicitis.

1.- Pardon?

2.- What did you so?

1.- An appendicitis? Did I hear correctly?

2.- An appendicitis?

4.- Yes. What's the matter with you two? Have you never heard of appendicitis?

1.- An appendicitis!...Are you a jackass?

4.- Hey, why are you insulting me? What did I do to you guys? I haven't said anything bad about anybody.

1.- To 2. Get a hold of me, I'm going to faint.

2.- To 4. Have you gone mad? To show up here with appendicitis.

4.- And where do you suppose I go? To a churro stand?

1.- I see. What you want is to play a joke on us. To play a joke on the suffering of two poor dying men. Well you know what I have to say to you: The person who is looking to fuck with me hasn't even been born.

2.- You're indignant!

4.- Gentlemen, relax! All I've said to you is that I have a horrible pain right here...

1.- He insists. It's obvious... Let's see... In other words: Do you think that we have nothing better to do with our lives than to be here?

2.- That we don't have anywhere where we can fall dead.

1.- That you can just humiliate us like that.

2.- That you can just treat us like we're nobodies.

1.- As if all respect towards us has been lost.

2.- As if there is are no division of classes in this world.

4.- Let me speak!... Boy, do you guys talk!... I want to inform you that it looks as if the appendicitis has gotten worse and that it's peritonitis. I'm glad I caught it today because I was going to go to Africa tomorrow as a volunteer with an ONG in a fight against hunger. One whole year! Can you imagine if I'd gotten peritonitis in Africa?

1.- *Unloading 4's gun clip.* Go fuck yourself! You cocky bastard, you imposter, you're garbage! It's because of people like you that life is shit. Do you think you can come here because of a simple cold? Trying to take advantage! A fraud! That's what you are! Who do you think pays social security? We pay it amongst all of us. Get a clue! How are there not going to be lines if they let people come in with nonsense things like this!... A little bit of solidarity, please! I just can't take it with such a lack of solidarity!

2.- What have you've done? Imbecile! Can't you see? You've killed him! You're crazy. And now who will bring him back to life? He's dead. A maniac. What do we do now? He's gotten ahead of us. This jackass is now left in second place. Because of you! Traitor!

1.- I'm unforgivable! I'm unforgivable! I'm an imbecile...
